### General Requirements

- Please note that competitors are ONLY permitted to tie their horses to their vehicle (during the day only between the hours of 9am-5pm) within the designated Day parking area as stabling is not mandatory for all events.
- No yards or white tape are permitted in any area of the complex.
- A minimum base of bedding is provided in each stable. Competitors may elect to purchase additional bedding to "top up" the existing bedding base provided. Please advise prior to your arrival if extra bedding is required. Extra costs will be incurred.
- A Mandatory Stable Cleaning Bond applies. The required cleaning bond is fully refundable (post event) if each occupied stable is completely cleaned and stripped of bedding. After the event, stables will be inspected and the cleaning bond will be refunded onto the credit card of those competitors who have elected to strip and clean their stable(s). All spent bedding and feed scraps must be placed in the designated manure bunkers. We encourage competitors to bring a wheelbarrow & rake along with them as the venue will ONLY provide one (1) for each stable block. We encourage you to take a photo of the clean stall as proof.
- As powered camping sites suitable for large vehicles are limited in number, competitors are requested to book camp sites that are commensurate with the size of their vehicles. Only 1 vehicle is allowed per campsite. To ensure the effective and efficient management of camping & parking, venue management reserves the right to relocate sites at any time, without prior notice.
- Horses must be restrained at all times.
- All dogs are to be on a leash and not allowed inside the main building.
- All buildings are NO SMOKING ZONES
- Vehicles are prohibited in the stable rows, stable paths and surrounds. Only authorised small vehicles may use the paths and surrounds.
